RE: PATRICK BRADY
BOA ACCOUNT NUMBER ENDING IN 9075

Dear Mr. Moynihan,

My name is George E. Babcock. I am a lawyer who practices law in the State of Rhode Island. I am willing to guess that you have heard of me. I have filed over 250 cases against your bank and I am responsible for the stay of all foreclosures in the State of Rhode Island. (See Order attached).

I am not writing to heap praise upon myself, but to let you know with whom you are dealing and the lengths that I will go to protect my clients and my Country. I most certainly have done my homework and I know with whom I am dealing.

The purpose of this letter is to set forth for you, in clear terms. A fraud that either your company or your agents, have worked upon Patrick Brady, a resident senior citizen of the State of Rhode Island.

I have no intention of sending you a missive. I will be very concise and let the documents speak for themselves.

Document # 1, (attached hereto), is a purported assignment of mortgage that was filed with the United States Bankruptcy Court for the State of Rhode Island as part of a your Motion for Relief from the Automatic Stay. This document was submitted to the Court, by an officer of the Court, for the purpose of establishing that your Bank had Standing to Seek relief in the Bankruptcy Court. This document, in the form in which it appears in Document # 1, was never filed in the Town of Narragansett Land Evidence.

Document #2, (attached hereto), is the same document but for the illegal alterations that were made to it. I suggest that you and your staff review this document and compare it to Document # 1. Document # 2 was filed months later in the Narragansett, Rhode Island Registry of Deeds for the sole purpose of effectuating a foreclosure on Mr. Brady's home. This is the very same document, with the same signature of Attorney Walsh, the same notary seal and signature. Your company or your minions simply changed it with impunity to fit its needs and to steal Mr. Brady's property. Let me remind you that this is the United States of America where justice still reigns supreme.

I hereby accuse your bank, or one of its functionaries, of altering the original document, which is a crime in the State of Rhode Island, and then recording the altered document in the Narragansett Rhode Island Registry of Deeds for the sole purpose of illegally foreclosing on Mr. Brady's property. This too is a crime. I hereby impute this crime to you as the Captain of the Ship that is Bank of America.

This is but a small sampling of the documentation that I have amassed in this file, but I am certain, that as an educated man, in charge of Billions of dollars, you can see that such practices as working fraud on the Federal Court and the Town of Narragansett, Rhode Island, are not sound.

The gratuitous letter my client received from Mr. Lara, an alleged Customer Advocate in your office, states that "[p]roper foreclosure & bankruptcy notices were issued accurately in accordance with the status of your account." (attached hereto) This statement is also imputed to you since Mr. Lara works out of your office.

Let me be clear, I am going to file an action for Mr. Brady in the Federal District Court for the District of Rhode Island and I am going to name you a Defendant. Let me stress that I do not operate from a position of fear, nor do I stand in awe of you or your company. The time has come for you to be called to task for your role in the destruction of my America.

Very truly yours,

George E. Babcock, Esquire
